

Nimbus Cloud Storage Plan Guide

This is a fictional product document created for demonstration purposes only. "Nimbus Cloud" is not a real product or company.

1. Plan Overview

Nimbus Cloud Storage is a subscription plan for backing up and syncing files across devices. Each plan includes encrypted storage, automatic versioning, and shared folder access. Plans renew monthly unless cancelled before the next billing date.

2. Pricing

Plan	Monthly Fee	Storage	Support Level
Starter	\$4.99	100 GB	Email
Plus	\$9.99	500 GB	Email + Chat
Pro	\$19.99	2 TB	Priority (24h)
Team	\$49.99 / 5 seats	10 TB shared	Priority (4h)

Important Notes

Note: Prices exclude applicable taxes. Storage limits are shared across all devices linked to an account. Exceeding your plan's storage limit pauses new uploads until space is freed or the plan is upgraded.

3. Usage Limits

Fair Use Policy

- Maximum individual file size: 50 GB.
- Maximum shared folder members: 20 accounts.
- API requests are limited to 1,000 calls per hour per account.
- Continuous automated uploads exceeding 500 GB/day may be throttled.

4. Cancellation & Refunds

Plans can be cancelled at any time from account settings. Cancelling stops the next renewal charge; access continues until the end of the current billing period. Pro-rated refunds apply only within 14 days of the initial purchase.¹

¹ Refunds are processed to the original payment method within 5–7 business days.
